 - A transitional program to assist men over the age of 18 with substance abuse problems to recover in a safe recovery residence setting.
 - Phase I- is the first fourteen days of the program and places emphasis on responsibility and discipline. During that time, the men will lay a foundation for recovery through immersion in a 12-step program, individual/group therapy, psychoeducation, and recreation activities. This phase includes two outside AA meetings daily, closed group therapy five days a week, individual therapy as needed, and four in-house meetings weekly. Residents will complete a life history accompanied by an alcohol & drug history during this phase. Residents will gain full-time employment upon completion of phase I. This program is for men who have been detoxed and includes mandatory Monday through Friday activities.

- Phase II- Upon completion of Phase I program, residents must continue recovery at the foundation by following basic rules of the house, AA/NA meetings, and an increased willingness to live by the newfound principles of recovery. Residents in Phase II will secure full-time employment and pay their way through the remainder of the program at \$300/week, which is all inclusive. During this phase, residents must demonstrate active engagement in a 12-step program via sponsorship, progression through the twelve steps, service work, and home group involvement. Phase II is geared towards building on the principles of the 12-step recovery program alongside restoration of the individual to a productive member of society.
- Phase III- is a sober living, step-down program. Phase three is designed to move the resident back into the main stream of society. Residents must adhere to a sober lifestyle and are subject to random drug screening.
- Upon completion of Phase I program, residents will be assisted in attaining full-time employment through various temp agencies and businesses within the community. Residents are required to actively engage in the 12-step program
