Free Tax Preparation!!

File Your Taxes for free!

You've probably heard the saying, "nothing in life is free." Many taxpayers, especially those who qualify for the EITC, pay significant fees to get their taxes done.

According to the National Consumer Law Center, in 2010, the EITC (EITC) paid around \$2.3 billion annually on tax preparation. There is a trend of low-income families paying for tax preparation services. VITA. In fact, the average cost of tax preparation services is \$100 per return, depending on the complexity and service fees. For low-income households, especially considering that millions continue to pay for VITA and IRS Free File. But here's the good news: You
